EXPLORING WITH THE

Semester Ticket

Using your student transit card
to explore the Black Forest

Semester Ticket
The Basics

What is the semester ticket?

The Semester Ticket is a special ticket issued by VAG, the regional transit authority in Freiburg, for students at several local colleges and universities including the University of Freiburg.

This ticket enables you to ride all forms of transit, including street trams, buses, and trains (RE and S trains only, not ICE or EC) in the accepted regional zone.

How much is it? Where can I buy it? How long does it last?

The ticket costs 89 Euros and can be bought online at the VAG website. You must be enrolled in the current semester in order to purchase. The ticket can also be bought at various shops in Freiburg.
For online orders, the ticket is saved on your mobile phone in the VAG app. You can also purchase a printed copy of the ticket.

Tickets are valid for 6 months: Oct.-March & April-Sept.

Semester Ticket
The Basics

The ticket extends through all three blue zones: A, B, C.
